# Guidance Notes for Completion of your Learner Permit Application Form

---

## 1 INTRODUCTION

A learner permit is issued to drivers who are learning to drive. This form is for a learner permit and lets you:

- Add a new licence category to your learner permit.
  - Apply for a first time permit or renew an existing permit. (complete all parts of the form).
  - Replace a lost, stolen or damaged permit (complete all parts of the form).
  - Advise of a change to your health that affects your driving (complete all parts of the form).
  - Advise of a change of personal details, (e.g. name or address – complete all parts of the form).
- 

## 2 PERSONAL DETAILS

All of the information requested in this part is necessary and must be completed in full. In accordance with rules on data protection your data may be shared with other State Agencies to enable your identity and entitlement to a licence to be verified. We may from time to time contact you by email or text with information about your learner permit. We will not give your information to any third party except in accordance with the law.

To apply for a permit you must be normally resident in Ireland; this generally means that you live here at least 185 days each calendar year because of work or personal ties. If you are studying or working abroad you may still be considered normally resident in Ireland provided you return here regularly. Where a person lives some part of the year outside of Ireland the question of personal, family and community ties helps determine whether or not you are normally resident.

Your address should be the place at which you are normally resident; for a student this generally means a family home. If you are applying for a personal details change on an existing licence please see note 3.

PPSN is a Personal Public Service Number, which is a unique identifier that helps you access state benefits. If you do not have a number or are unable to trace it please contact the Department of Social Protection and they will give you the necessary information. PPSN is mandatory and must be completed.

Where you already hold or held an Irish licence or learner permit and your personal details have not changed we will not normally need evidence of identity unless reporting your permit lost or stolen. We will contact you directly if we

need more information. Where you have not previously held an Irish licence or permit you must submit photo identity, evidence of age and confirmation of your address. Acceptable photo identity documents are Passport, Department of Social Protection Services Card, Garda National Immigration Bureau Card and EU Identity Card. Acceptable evidence of address includes utility bills (e.g. electricity, gas, telephone providers), as well as bank, credit union or credit card statements. Evidence of age must be provided by submitting your original birth certificate or current passport. We will return the documents directly to you once validated.

---

## 3 PERMIT DETAILS

This part of the form tells us why you are applying for a licence. It will mean in some cases you will have to give us some supporting documents.

You May Not apply for a learner permit in respect of a particular vehicle category if you already hold a full driving licence in respect of that category which was issued by the competent authority in a Member State of the European Union or of the European Economic Area or from any of the “Recognised States” for Driving Licensing purposes.

If you hold a licence from another EU/EEA country and wish to apply for a learner permit in a new category you must surrender your full licence for recording purposes.

The permit type required is for the vehicle you want to drive. The table in this note will give you the vehicle category for each vehicle as well as the minimum age and other conditions relating to permits.

- If you are applying for a first time permit you have to enclose your driver theory test certificate as well as an eyesight report (D502) – see notes 6 and 7. An eyesight report is not required where a medical report is provided unless indicated by the Doctor.
- If you are taking out a third or subsequent permit you must show evidence of having taken a driving test in the previous two years or hold an appointment for a forthcoming driving test. If you have taken a test you will be given a two year permit, while if you hold a test date your permit will be issued for one year only.
- If you are renewing your permit you must include your old permit and/or your current or most recently issued driving licence. If you do not have your permit you must get the Garda declaration in part 5 stamped at your local Garda station.
- If you are adding extra categories to your permit you may need to enclose a driver theory test certificate. Existing learner permit must be enclosed – see note 7.
- If your permit was lost or stolen you must have the Garda declaration in part 5 of the form stamped at your local Garda station – see note 2.

- If you are replacing a damaged permit please enclose the damaged licence; if unable to do so you must have the Garda declaration in part 5 of the form stamped at your local Garda station.
- If you are applying for a name or address change, you must supply supporting information, (e.g. marriage certificate, divorce/separation confirmation and deed poll confirmation). Original documents are needed in each case. In the case of an address change please supply copy

of a utility bill (copy of online bill will be accepted) with your name and new address.

- If a medical condition affects your driving you will need a medical report (D501) completed by your Doctor – see note 6.

The Table below describes each vehicle in a licence category as well as the minimum age and other conditions that apply to your learner permit for each vehicle. This will help you identify the permit that you want to apply for.

\*This is not a legal definition of licence categories. From 19 January 2013 licensing rules for some vehicles/drivers have changed. For more on this and other general licensing information please check our website [www.rsa.ie](http://www.rsa.ie).

MAM1 Maximum Authorised Mass (also known as Design Gross Vehicle Weight D.G.V.W) means design laden weight. Manufacturers generally refer to it as gross vehicle weight (g.v.w.) and it is usually displayed on a metal plate attached to the vehicle by the manufacturer.

In the case of permits and licences for categories C, CE, D and DE (trucks and buses) the minimum age at which you can qualify depends on whether you are taking the Certificate of Professional Competence (CPC) test for that licence category. If you are taking CPC you will have to take a CPC theory test and when taking your driving test there will be a special CPC stage to the test. For more information on CPC please see our website [www.rsa.ie/cpc](http://www.rsa.ie/cpc).

For motorcycle permits in category A, progressive access to a permit at age 20 can only be granted if the rider has already held a full licence in category A2 for two years.

#### 4 PERIOD OF LICENCE

A first and second learner permit usually lasts for two years each time while a third and subsequent permit lasts for one year. If you are taking out a third or subsequent permit you must show evidence of having taken a driving test in the previous two years or hold an appointment for a forthcoming driving test. If you have taken a test you will be given a two year permit while if you hold a test date your permit will last only for one year.

#### 5 ORGAN DONATION

If you wish to donate your organs you can record this on your permit. The permit will contain a code that will make medical professionals aware of your intention. However, in keeping with the current legal position, your next of kin will be consulted in the event of any decision of this nature.

#### 6 HEALTH AND FITNESS TO DRIVE

Drivers must meet a certain standard of medical fitness in order to drive safely. If your Doctor advises you to stop driving it is then an offence to continue driving and it also affects your insurance cover. A higher standard of medical fitness is needed for drivers of trucks or buses, described as Group 2 drivers as opposed to drivers of cars, motorcycles or works vehicles who are described as Group 1 drivers.

For more information on medical standards for Group 1 drivers see “Sláinte agus Tiomáint” document on [www.rsa.ie](http://www.rsa.ie). A similar document for Group 2 drivers will be available shortly.

- On a first application for a permit you must provide an eyesight report (D502).

- Every Group 2 permit (trucks and buses) application must include a medical report (D501) from a Doctor unless the licensing authority is satisfied that a medical report for the category previously submitted is still valid.
- Where questions under Health and Fitness in part 4 of the application form are answered ‘Yes’ a medical report will be needed.
- On the basis of the information on your application form the licensing authority can ask you to submit a medical report from your Doctor. Your Doctor must be registered on the General Register of Medical Practitioners in Ireland.

Medical Form D501 and Eyesight Form D502 can be downloaded from [www.rsa.ie](http://www.rsa.ie) or you can get copies in your local Motor Taxation Office.

Some questions in part 4 of the application form may require advice from your Doctor in order to be answered. The purpose of the questions is to ensure that you are aware of factors that affect your driving. In some cases having a particular condition may mean that you will be granted a permit for a shorter time period, (e.g. one year instead of two years).

#### 7 DRIVER THEORY TEST

For a first application for a learner permit in a particular licence category you will have to take and pass a driver theory test. It is considered a first application if you have not held the category in the last five years. Where you have already passed and submitted your theory test certificate to the licensing authority you won’t need to do a test for that category again as long as the permit has not lapsed for over 5 years. The various permit categories and relevant theory test(s) are as set out in the Table below.

Learner Permit category being applied for	Theory Test required
AM, A1, A2, A	AM
B, BE, W	BW
D, DE, D1, D1E	D*
C, CE, C1, C1E	C*

\*Where you are driving professionally or you want to take out a permit at the lower age of 18 for trucks (categories C and CE) or age 21 for bus (categories D and DE) you must pass the additional CPC theory test for those categories and submit it with your application.

## 8 PHOTOGRAPHS

Two identical photographs must be included with your application and both must be signed on the back. As your photograph will be scanned on to your licence it is essential that it meets the standard for driving licences.

- Recent photograph no more than six months old.
- Photographs must be in colour.
- Minimum size 35mm x 45mm, maximum size 38mm x 50mm.
- Photographs must show a full frontal view with the head centred and not tilted in the photographs.
- Photographs must be sharp and clear and taken against a plain white background; a dark background is not acceptable.
- Sunglasses must not be worn, but lightly tinted glasses that show the person's eyes can be worn. If lighting reflections cannot be removed then the glasses themselves should be removed.
- Head coverings, other than for religious reasons are not allowed and hair bands are not acceptable.
- Photographs must show the whole face including the chin and top of the head.
- Photographs should not have a 'red eye' effect.

The photograph below is an example of an acceptable photograph for a learner permit. Helpful information on photograph standards that also apply to driving licences is available by visiting [www.dfa.ie](http://www.dfa.ie) and clicking on the Passport Photographs link.
